INNOVATION AND INCUBATION FACILITIES

- 1. Laboratories for Practical and Research:** A Well-equipped post-graduate research lab for Pharmaceuticals and Quality Assurance Techniques with Dissolution apparatus, DT apparatus, Friabilator, Brookefield Viscometer, Ultrasonic Probe Sonicator along with other labs for Pharmaceuticals, Pharmaceutical Chemistry, Pharmacognosy, Pharmacology, Microbiology and an aseptic room provide ample space and facility to conduct student research.

Laboratories

- 2. Pilot Plant:** A well maintained Pilot plant set up for Solid and Semi-solid Dosage Forms is present. Workshops on machine handling and formulation are offered frequently to students. Presently collaboration with Oxford Pharma has its operations of trials on Compression and Coating machine ongoing in the Pilot Plant.

Summary of Activities to Foster Innovation

1. Training on sophisticated instruments
2. Industrial Visit
3. Industrial Collaboration for Research
4. Assistance for Ph D research work
5. Research Publications by faculty
6. Competitions on Formulation Development.
7. M Pharm Students Innovative projects
8. Seminar/Conference/Workshop organized in campus.
9. Seminar/Conference/Workshop attended by faculty off campus.
10. Students who won the prizes in State/National/International Seminar/Workshop/Poster Presentation.

1. Training on Sophisticated Instruments/Equipment's:

The students are exposed to sophisticated instruments like DSC, HPLC, GC-MS to provide knowledge of instrumentation, handling and applications

The details are as following:

Name of instrument: High Performance Liquid Chromatography

Venue: Alard College of Pharmacy, Pune.
