MAGAZINE

2020-21

From the Principal's desk

Dr. Sonia Singh

A newsletter is a reflection of the capabilities and the caliber of students in college. The biggest challenge faced by students of today is to prepare them for challenges of a globalised world, a world that continuously requires the students to become adaptable, lifelong learners in an ever-changing scenario of new skills and competencies.

I believe in the holistic development of students who will play an important role in building tradition that will be ensured through the years to come. An intelligent and ambitious student in you should know that sky is the limit.

I congratulate the editorial committee for completing this work responsibly and systematically.

My good wishes to one and all!

Editor's note

Ms. Kajal Borate

This newsletter provide platform for students to express their thoughts, ideas, feelings, aspirations and, conviction in creative way and to realize their potential and play major role in changing their mind-set.

Grooming is not just an outside talk it also involves constructing yourselves for a better tomorrow and upgrading yourself in every possible way.

The College focuses on replacing empty brains with open ones which in all aspects are open and free from fear, guilt, wrong perceptions and provide students a window inside them to make them transparent with their inner capabilities, values, skills and proficiency in sports, cultural, technology related and organizational skills.

Thanks for checking out this newsletter. I hope you will like it as much as we do.

Stay Happy, Stay Healthy !!!

Thank You!

This is why people love business..!

"Business" When people hear this word, they automatically put forth a concept of Independence in their mind. They come to the conclusion that the person is a risk taker and is ready to carry out a certain task within a given time. People think that businessman life is the most happy and satisfied life on the universe. So have you wonder, Why many of them leave their permanent job and start a business? Why people live happy in business as compared to job? Yes, I know you all are eagerly waiting for the answers but wait a minute, I want to ask you the most important question. The question is such that Why people love business so much?

There are limitless answers to this question. So just imagine your life without a particular salary, A life without a daily routine work, A life without a hectic schedule, A life without a limited time projects, A life without any expectations, A life without a employer, A life without a boss governing you. Students become self dependent at very young age through small start ups. Like wise there are many benefits of business. They are as follows-

- 1.Improve leadership skills.
- 2.Expand creativity.
- 3.Escape the hectic schedule.
- 4.Promote work for yourself.
- 5.Implement new ideas.
- 6.Take risk and achieve reward.
- 7.Create opportunities for youngsters.
- 8.Think different than ordinary.
- 9.Plan your own work.
- 10.Become financially independent.

On the other side just job do not fulfill any of these benefits. Job means "Doing work for others". Thus, "job fully contradicts the business". While in business we can spend a quality time with his family members whenever we want. Such reasons clearly depict Why people love business..!

And I can proudly say that "This is why people love business".

Mother Dear!!

Mother Dear,
You were sent to me from God above
you gave me birth, saw me grow,
and nurtured all my needs.
At times you helped me
to solve my pretty problems
giving me advice,
helping me to understand reason.
As I grew, you were there for me,
making me as strong as I can be,
giving me the courage to face
Life's journey.

Now that I have grown and matured
in to a wonderful human being,
mother dear, I d take this opportunity
to thank you abundantly.

A mother is a precious gift
God has planned for each one of us,
so always remember to treasure this gift,
And you will be blessed forever.

WOMAN

W....Wonderful mother

O....Outstanding friends

M....Marvellous daughter

A...adorable sister

N...Nicest gift to men from gods Woman

changes her name

Changes her home

Changes her family

Moves in with you

Builds a home with you Gets pregnant for you

Almost girls up in the labour room due to the unbearable Pain of child birth

Even the kids she delivers bear your name till the day she dies....

Everything she does....

Cooking, Cleaning your house, taking care of your parents,

Bringing up your children, earning advising you,

Ensuring you

Can be relied, maintaining all family relations, everything

That benefit you... sometimes at the cost of her own health,

Hobbies and beauty.

So who is really doing whom a favor? Dear Men, appreciate the women in your lives always,

Because, it is not easy to be a woman..«

"Being a woman is priceless"

So respect them.

UNFORGETTABLE COLLEGE LIFE

जिंदगी का सबसे फेवरेट चैप्टर
पढ़ने को दिल करता है
बस एकबार वापस कॉलेज लाईफ
में वापस लौटने को दिल करता है
आज्जर को एकबात याद आती है।
कुछ बुरी कुछ अच्छी बातें याद आती है
कुछ बातें जो कलकी ही बातें लगती है
मगर आज्जन दोस्तों की यादें
दिल को बहुत हर्ट करती है
अबकी बार क्लास अटेन्ड
करने का मन करता है
दोपहर की क्लास में आँखें बंद
करने का मन करता है
बंक की क्यू में खड़े होकर कमेन्ट
पास करने का मन करता है
कुछ साले दोस्त एक्झाम नाईट में
रात भर खाया करते थे
तो कुछ साले फोन पर बैठ करके ही
प्लैनिंग बनाया करते थे और सुबह उठकर कहते
"यार थोड़ा गैप ज्यादा मिलता
तो और थोड़ा पढ़ लेते "

Covid turns pharma courses into a lucrative career option

Preeti Biswas
@timesgroup.com

Hyderabad: With Covid-19 bringing the entire world to its knees, pharmaceutical sciences is turning into a lucrative career option for students planning to pursue undergraduate courses from the academic year 2020-21.

MISSION ADMISSION

"In the current pandemic, the number of affected patients is only set to rise. Naturally, requirement for pharmaceutical sciences professionals is also going to increase," said Dr Srinivas Nanduri of placements and industry interaction and international collaboration

The fact that the city is termed as the pharma hub for the country only comes as an added advantage for many

cell in National Institute of Pharmaceutical Education and Research Hyderabad. After clearing intermediate, four years of bachelor of pharmacy and six years of Pharm. D courses are on offer in the state. Students who pursue these courses, get placed as duty medical officers, drug quality controllers etc. "Private hospitals

offer anywhere between ₹30,000 and ₹60,000 to Pharm. D graduates for positions such as clinical research analysts and duty medical officers. A large human resource is now required to take up administrative jobs at hospitals for which only Pharm. D graduates are eligible," said K Ramdass, president of Telangana Pharmacy Colleges Management Association.

Telangana engineering, agriculture and medical common entrance test is the eligibility test to secure admission in pharmaceutical sciences. So far, close to 80,000 candidates have registered for agriculture and medical sciences stream in the state. Last date for applying for Telangana Eamcet with late fee of ₹10,000 is July 8.

Glimpses from the academic year!
